MESSAGE FROM OUR PRESIDENT

The year 2021 has been a year of impacts as the world grapples with the ongoing COVID-19 pandemic. Faced with the challenges posed by the pandemic, the Padmapani Society for Human Excellence worked tirelessly in remote and marginalised areas and we witnessed transformations as we assisted them in reaching their full potential.

The aspirations and actions which have unfolded this year would not be possible without the support of our donors, PSHE team members, community members, local organisations, and government and private agencies.

"We thank each of you who trusted and supported us in this journey. With all of your support we will create significant impact coming year"

Powerful messages on the wall serve as a constant reminder spreading awareness and compassion towards those affected by HIV/AIDS.
